

IOWA STATE UNIVERSITY SOIL & PLANT ANALYSIS LABORATORY
INFORMATION SHEET FOR SOIL RESEARCH SAMPLES TO BE ANALYZED USING MOIST METHODS

FULL NAME _____
 DEPARTMENT _____
 (Off-campus researchers please list complete mailing address on back of form.)
 CAMPUS PHONE _____
 E-MAIL (print clearly) _____
 ISU ACCOUNT TO BE CHARGED*** _____
 TOTAL NUMBER OF SAMPLES _____
 ***Samples will NOT be accepted without the above information.

Office Space - Do Not Use

PLEASE READ PRIOR TO SUBMITTING SAMPLES:
NO INTERPRETATIONS OF RESULTS AND RECOMMENDATIONS WILL BE PROVIDED

- All samples covered by this info sheet should require the same analysis. If not, divide into separate groups.
- Samples covered by this info sheet should be numbered with SIMPLE, CONSECUTIVE numbers (ex:1,2,3...100)

Samples submitted with ID numbers that do not comply with this request may incur additional handling fees. Bulk samples are kept in cold storage before, during, and after analysis, and should be retrieved within two months of completion of analysis. Samples remaining in our cooler after that point may be discarded.

Fixed handling fee: \$3.00 per sample	***NOTE: a 3% surcharge will be added to the total charges when payment is made using external funding sources. Checks only, please - credit cards not accepted.
Sample prep fees: _____ \$2.50	
Moisture content: _____ \$2.50	

CHECK DESIRED TESTS (prices are per sample)

A weighing charge of \$0.50 will be applied each time a subsample is weighed out for extraction.

Standard fertility test package: Moist soil Mehlich3 K and P, pH, Buffer pH, organic matter _____ \$15.00/sample

<u>Phosphorus (colorimetric):</u>	<u>Mehlich-3 Extraction (read on ICP):</u>
_____ Bray-1 (\$2.50)	(\$3.00 for first element + \$0.75 each additional)
_____ Olsen (\$2.50)	_____ P _____ Zn
_____ Mehlich 3 (\$2.50)	_____ K _____ Cu
	_____ Ca _____ Fe
<u>Potassium only (read on AAS):</u>	_____ Mg _____ Mn
_____ NH4OAc (\$2.00)	_____ Na _____ Al
_____ Mehlich 3 (\$2.00)	

_____ Check here for duplicate analysis (all analytical prices except soil preparation fees will be doubled).

NOTE: Please be aware that the length of time considered to be a "reasonable time frame" will vary based on the number of samples in the group submitted and the analyses requested by the researcher.

Note: All prices are subject to change. Revised July 2014.
